Subject: follow-up meeting with San Diego RWQCB re: Armstrong Egg Farms
Flag: Follow up

Hi, Ken –

Now that we're past the end of the fiscal year for the state, I'd like to get that follow-up meeting with Michelle Mata, Dat Quach and their supervisor scheduled. Based on the online organizational chart, it looks as though David Barker is the person we want to meet with – correct? We talked about scheduling a meeting for this month... are there any weeks that are particularly good or bad for you? Let me know, and I'll get something scheduled.

Agenda:

- go over inspection findings and concerns
- ask if a follow-up inspection can be conducted by the state (to look at the manure processing area to the north and the ditch accepting runoff to the west, as well as the second Armstrong Egg Farm location to the north, up the road).
- discuss possible enforcement or permit responses to the findings

I'll make sure to share my inspection report with the state at least a week before we talk to them. Please also let me know if you want to add anything to the above agenda.

Thanks,
Kristine
